What is the Family Success Center?

THE FAMILY SUCCESS CENTER is a collaborative gathering place where local residents can go for support or serve as mentors and decision makers in the community. It's a place where residents can use strengths and skills to problem solve, influence development and participate in governance. The design of the Family Success Center ensures families are heard from a supportive and diverse cultural representation.

PURPOSE

The purpose of the Family Success Center is to enrich the lives of children by strengthening families and neighborhoods; develop and provide networks of Integrated, locally-based services; reduce isolation and promote connections and redefine public spaces as friendly, safe, non-stigmatizing.
